**Let our practice opportunities surprise you**

As you investigate your professional options after your clinical training, be sure to look into community health centers. Pennsylvania's 80 Community Health Center clinic sites offer you a surprising range of practice styles and lifestyles.

Each center provides a guaranteed salary, with paid CME leave and malpractice coverage. Whether you choose to practice in a large group or with one or two colleagues, in a rural or urban seting, you'll enjoy shared call, hospital privileges and help with administrative duties. With none of the worries of a start-up private practice, you can focus on the challenge of primary care.

For practice opportunity where the emphasis is on practice, call us at
